

166

Sept 1995 - 100 HRS

Change oil + Filter 22 qts 30 wt

cleaned air filter + greased

Final drives

Rotor gear Box

Hydrostat - cleaned filler cap Breather

Transmission

Chopper gear Box

New water sept filter coolant, New Block Heater

check feeder House chain

main feeder drive clutch - tightened + Torque

Tire pressure + chain tension -

new air screen sensor

- pump check - Fuel

upright auger pulley replaced

check rotor Belt tension

installed clean grain screens

Oct 18-95

hrs 245 Change oil + Filter 100 In Check

Sept 3-96 273 hrs.

Tighter Feeder House chain - Both upright
augers. - greased - check tire pressure

- chopper dropped - new inner + outer Air Filters

water sept filter - Hyd Filler cap Breather

set shives - turn signal switch - washed

out Air cond. coils -

~~Sept 25~~

96- Sept 27 hrs 324

changed oil + Filter 30 wt IH
changed Fuel Filter
- water conditioner on Block
- Both Hyd Filters spin on.
10 gallon plus New Hytrans oil
cleaned air filter
cleaned cab filter
greased machine + chains

Put Bean head on Oct 6-96

Oct 16-96 - 433 hrs.

476
23
43

change oil 30 wt + Filter
100 hr Lube Job
cleaned Air Filter

433 hrs changed Hyd filters because of Pin Hole in one

97- Sept 1 hrs-476 ^{30wt} change oil + filter, Fuel filter, fuel tank water separator filter - water conditioner filter, cleaned radiator + flushed new antifreeze 40 qts.
new heater control switch greased, checked gear boxes + final drives, chains, Belts, Wash machine + cleanup - check feeder house chain, impeller wear bars, upright augers, Pater Belt. air filters

97- Oct - 1 hrs 583 - change oil + filter, greased, cleaned air filters, checked Pater Belt new inner tube in front tire, new pins in feeder house

Aug-20-98

676 - HOURS -

change oil & filter - 2 hyd filters and drain reservoir -
new oil in hydrostat, Final drives, transmission
chopper gear Box - Rotor gear Box - unloading auger
gear Box - Front Rotor drive gear Box -

water separator fuel filter,

engine fuel filter

water conditioner filter

adjust grain elevator chains

adjust Feeder house chain

New air filters + cab filter

dropped chopper plate - adjusted chopper belt

greased - checked chains, set rives -

greased rear steering wheel bearings -

- checked impeller wear Bars & Rotor Bars. 1 yr. left.

Oct 17, -98

100 HR

Service-

782 Hours - change oil & filter greased, cleaned air
+ cab filters, checked gear boxes, tighten clean grain chains
on elevator lift, clean radiator -

Things to fix ~~to~~ to start 99

left blower Broken & sprung
Bearing out on grain Fan

Sept 7-99

861 hrs. change oil + filter engine
Double hyd. filters, Refill 10 gal hyd oil
water cond, fuel filter, water separator pad
New impeller wear Bars
New cab filter, cleaned Eng air filters
check clean grain auger + Return augers
check Rotor adjustment
check chopper gear Box Hycharstote Fluid Rotor
gear Box front + Rear
Replace FRONT HALF ROTOR wear BARS

Oct 15-99

Hrs-939 - change oil + Filter

Replace outer air filter
Greased machine, auger sieves, cleaned
Radiator cab filter, service Bean table.

Sept 8-2000 - 1,034 HRS-

change oil and Filter, new Fuel filter, Lower fuel
filter, Hyd. Filters 2 pk. water cond. Filter, greased
Tighten upright augers, unloading augers, 1/2 links in
Feeder House chain, New Cab Filter, ck. clean air filters
Reset chopper for fine cut - ck. Rotor belt - washed

Oct 7-2000 - 1,127 change Oil and Filter grease
new rotor Belt clean filters

02-1262 hrs on machine now

• need to change
Airtel, check

1159 HRS Sept 14 - 2001

- changed engine oil and Filter
- changed Hyd. oil + 2 Filters
- greased all of the machine
- Drained Potor gear box + Refill
- Drained chopper gear box + Refill
- Fuel Filter on engine + Fuel water sept.
- New water cand. for Radiator - Filter
- New - 7 INNER + OUTER AIR FILTERS
- Tighten clean grain auger + chain
- Tighten Feeder House chain
- check unloading auger chains
- Replace Bearings on shaft in grain tank
- Rebuild Bean table, sieve guards, holdclams
- New cab air Filter -

02 1262 hrs Oct 8

- change oil + Filter, new anti Freeze, new Hyd oil in Final Drives and Tronns. Fuel Filters, water canst. cab Filter, New Batteries, Replace belt on Hydrostat, New unloading auger chains, New spreader belt, New Fan belt, new cant clean grain belt new upright grain auger chain, New Feeder House chain new Row Pawl on Bean table, 2-shid plates greased - cleaned air Filters ok Potor Belt, T vis.

aug 20-03- 1,350 HRS. change oil + Filter 2 Fuel filters water cand. greased, New air Filters inner + outer - Hyd. Filter pkg. new oil - Filters - Tighten upright ugers new impeller wear Bars - check Potor.

14 87

Oct 24-03 Ins. 1460
change oil to Filter & grease 100 check up

Sept. 10, 04 (1487 Hrs.)

Drop Chopper - ready for corn
Chopper gear box set on low speed
Grease all points
Clean air filter
Install new cab filter
Change both fuel filters
Feeder house adjusted & raised
Replaced all rotor wear bars &
3 wear plates
Both hydraulic filters - 10 gallon new oil
Tighten upright augers
Tighten spindle on rear axle
Checked all gear boxes
Unloading auger chain - tightened
Checked tire pressure
Install water conditioner filter
Check rotor reins on front
Check rotor belt
Adjust gathering chains on corn head
Shut off heater

43

9/13/12 2530 hrs

Changed oil, oil filter, fuel filter, water separator, + coolant filter. Replaced chopper belt. Rebuilt sickle bar.

10/27/12 2638

Changed oil, + oil filter. Replaced chopper bearings + clean grain fan variable speed drive bearing. Replaced Elevator drive belt + clean grain fan belt.

10/8/13 2640 Replaced chopper belt, feeder house chain, cab Air filter, Air Filters, hydraulic filters, + fuel filters, greased machine. Replaced

Automatic support rollers bearings

10/26/13 2697 Replaced chopper + bearings.

10/29/13 2726 changed oil + filter. 01-01

replaced grain tank auger bearings +

substituted grain tank trough. 01-01. 2727

11-12
changed oil filter, hydraulic
filters, cab filter, fuel filter, diesel, 01-01.

9-14 2759 hrs

Changed manual lift pump fuel, oil, oil filter, fuel filters, cab air, Engine Air, Elephant wear bars, hydraulic oil, hydraulic filters, final drive fluid, trans fluid, rotor gear box oil, unloading Auger fluid, fan drive gearbox oil, rotated corn head knives, replaced snapin roller swell pins.

9-15 2869 hrs.

Changed oil, oil filter, fuel filters. Blowed out Air filters, tightened feeder house chain upright chains, replaced gathering chains. And idler sprockets.

9-16 2928

Changed hydraulic filters, Air filters, Cab filters, Adjusted chains and inspected belts.

10-16 2981 hrs

Changed oil filter, fuel filters, & coolant filters. Replaced clean grain fan Jack shaft Belt.

9-17 3029 hrs

Changed oil, oil filter, hydraulic filters, Cab filter, Air filters.

10-23-17 3163^{hrs}

Changed oil, filter, fuel filters, coolant filters.

10-25-17 3168^{hrs} replaced water pump & fan Belts

10-30-17 3179hrs replaced drive hub & shaft on hydrostat

9-14-18 3201 replaced Augers, Drive gears, wood blocks, drive shaft, bearings, & shaker bearings. replaced all Air filters

10-4-18 3254^{hrs} changed oil, filter, fuel filters. replaced ^{cross} Auger chain & sprockets. replaced sickel drive belt replaced all nylon bushings on reel

10-1-19 3302 coolant filter, air filters, Intermediate vanes

10-29 3348 changed oil & filter, & fuel filters. Switched to bean's

10-20 3428 changed oil & filter, fuel filters. coolant filters. hydraulic filters rebuilt sycle
