

# MODEL 2250R

## Hydrostatic Stump Grinder

The Model 2250R is a revolutionary machine in the smaller stump grinder arena, ideally suited both for rental companies and stump grinding professionals with its **25-horsepower gasoline engine**. It uses a heavy-duty hydrostatic motor to directly power the cutter wheel, **eliminating the need for a clutch, jackshaft, drive belt, belt tensioning system, and the many sheaves and bearings** associated with those components. This considerably reduces downtime for maintenance, which translates to a lower cost of ownership and a more productive machine.

### MANEUVERABLE AND POWERFUL

- **25-horsepower gasoline engine**
- Low-maintenance **hydrostatic drive**
- Available with New Revolution wheel with hex teeth or Bandit wheel with Greenteeth

## HIGH POWER WITH LOW MAINTENANCE

Bandit's hydrostatic direct-drive stump grinders deliver all the stump grinding power demanded by professionals, without all of the maintenance normally associated with stump grinders. It's not uncommon for companies to see maintenance costs drop by as much as 30 percent, compared to traditional stump grinders.

## CLASS-LEADING PERFORMANCE

The Model 2250R features a class-leading 50" cutter swing for grinding, while also grinding to a depth of 14". In addition, the 2250R maneuvers well in tight areas, enabling users to get to, and through, stumps faster than competitive machines.

## LOW PROFILE & COMPACT

The 2250R is built with a low profile giving operators maximum visibility while grinding. Weighing approximately 1,380 pounds the unit leaves a minimal footprint for traveling over soft terrain.

FUEL TANK:	8.75 gal.	WHEEL DIAMETER:	21"
HYDRAULIC TANK:	8.75 gal.	WHEEL THICKNESS:	1/2"
<b>Engine options:</b>			
GAS:	25 HP Kohler	Drive System:	Self-propelled drive system with a 2-wheel drive assembly

**COMMITTED TO QUALITY & PRODUCTIVITY**

Since 1983, Bandit has manufactured equipment for a multitude of wood waste processing markets. The vision since the beginning, is to build quality, highly productive, easy to maintain equipment providing years of dependable service.

The commitment for quality, innovation and dedication is instilled in every employee and is one of the main reasons why Bandit became an Employee-Owned Company (ESOP) in 2018. These core values ensure each Bandit machine will leave the factory ready to exceed your expectations.

**MODEL 2250R FEATURES**

- Beltless hydrostatic direct-drive
- 4 section control valves
- Rubber debris curtain
- Single-speed drive system
- (4) 8.5 x 10 tires
- Manual lever for cutter wheel engagement

**Bandit Offers a Complete Line of Tree Care Equipment:**  
 Hand-Fed Chippers • Stump Grinders • Whole Tree Chippers  
 The Beast® Horizontal Grinders • Track Carriers • Attachments
