

# D&D CATTLE CO.

— RED ANGUS AND ANGUS

— HERMAN, NE

**ANNUAL BULL SALE // APRIL 2, 2024**

OPEN HOUSE MARCH 30, 11-5 PM | BIDDING CLOSSES TUESDAY, APRIL 2

*Offering:*  
**RED ANGUS AND ANGUS**  
YEARLING BULLS

*Welcome to*

## **D&D CATTLE COMPANY'S ANNUAL PRODUCTION SALE!**

---

*Thank you for taking some time to review this year's offering. It is our commitment to each and every customer to help you find a bull that will fit the needs of your cattle operation. We want to make our program work for you and are eager to help in making your breeding decisions. Every year we work diligently to provide our customers with cattle that will improve their bottom line.*

*Just like many of you across the country, we've been battling Mother Nature. This past year we have been battling extreme drought as well as unseasonable winter weather, making it a tough year for cattlemen across the country. We hope everyone receives plenty of spring moisture soon. Even through this challenging year, we feel that we've found our best set of bulls to date as they were put to the test with unfavorable weather conditions. These bulls are made to work for you and have been proven to "hold up" after a breeding season.*

*Our mission has always been to raise cattle that excel both in the pasture and on the rail, and these bulls will produce calves to do just that. These bulls are easy keeping, moderate framed, balanced bulls with style, performance, and extreme docility. Utilizing 35 + years of whole herd data, from calving ease to carcass data, we have selected these bulls to help you be the most profitable with your herd goals.*

*Our bulls are raised with no creep feed. Why is this important to us? We want the weaning and growth data they exhibit in their EPD's to be a **true reflection** of the actual performance of the animal. Not only that, without creep feeding we can see the true productivity of the dam as well, which helps us make the best culling decisions for our herd.*

*Whether you are looking for your new herd sire or a calving ease bull, we have a bull that will work for you in a variety of environments. Quality beef is always in high demand from the pasture to the feedlot, it is our hope that this set of bulls will assist your program in continuing that success. With 25 + years of selling bulls to cattlemen across the U.S. and 50 + years of running our commercial cow herd, we are walking alongside our customers and understand the commercial cattlemen's needs.*

*If you're a long time customer or are viewing our program for the first time, we thank you for your interest in our genetics, and hope you find bulls that will fit your operation's breeding goals.*

*From conception to consumption we got ya covered.  
Thank you for considering our program,  
D&D Cattle Crew*

## RED ANGUS AND ANGUS

HERMAN, NE

### ANNUAL BULL SALE // APRIL 2, 2024

OPEN HOUSE MARCH 30, 11-5 PM | BIDDING CLOSES TUESDAY, APRIL 2

#### CONTACTS

Dan Braesch .....	(402) 616-9448
Pat Kroese, Big Iron Rep .....	(402) 741-2452
Garrett Long, Big Iron Rep .....	(402) 957-7906
Cory T. Peters, Red Angus Association .....	(402) 418-2351
Taylor Ohlde, Red Angus Association .....	(913) 626-2715
Michaela Mann .....	(402) 237-1489
Courtney Sukalski .....	(507) 236-9871

#### BREEDING GUARANTEE

All bulls selling have been semen evaluated, scrotal measured, and have passed a breeding soundness exam in accordance with recommendations of the AAA and RAAA. If bulls are not turned out within 90 days following sale, we suggest retesting your bull prior to turnout. All bulls selling for \$3,500 or more are guaranteed against breeding injury for the first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bull. If there is a reproductive problem a replacement bull will be provided if available, or a credit equal to the animal's purchase price minus salvage value will be issued. The guarantee does not cover illness, mismanagement, neglect, or mortality to the animal. All claims must be made by September 15th 2024. Buyer must notify us as soon as possible should injury occur, and prior to the injured bull being sold for salvage so that inspection of the animal may take place. A veterinarian inspection may be required. This guarantee is not an insurance or mortality policy, but a guarantee on functional fertility. It is not a substitute or replacement for poor management. Buyer assumes all risks for injury due to running bulls together or management decisions outside genetic control. If a replacement cannot be provided of equal or greater value, we will issue a sale credit to be used in a future sale for the full purchase price less the salvage value of the animal.

We strongly encourage you to take insurance on your purchase.

#### DELIVERY

Arrangements shall be made for pickup or delivery by April 15th. Bulls will be delivered prior to April 15th or must be picked up prior to that date. Bulls kept longer will be charged \$4.00 per day for feed. Free delivery of bulls within 150 miles of Herman, beyond that delivery is at cost.

#### HERD HEALTH

We take herd health seriously - all cattle are on a complete vaccination and mineral program. Cattle will be accompanied by a proper health certificate for immediate shipment.

#### EPDs

EPDs included in the catalog are based on the Spring 2024 American Angus Association and Red Angus Association of America Sire Evaluation Reports. EPDs are current as of 3/05/2024.

#### SIGHT UNSEEN PURCHASES

If you are not able to attend our open house and interested in bidding or buying, we can purchase cattle on order for you. Please call in advance so we can visit with you about the animals and your needs.

#### SALE FORMAT

This years' bull offering will be sold online at [www.BigIron.com](http://www.BigIron.com). Big Iron has recently begun selling livestock on their online weekly auctions, providing you with a number of benefits...

- Safe and convenient to use
- Easy-to-use platform allows you to review all bulls from one seamless dropdown
- Add bulls to your watchlist that you want to keep an eye on
- Bid on multiple lots up to 21 days prior to when the auction closes
- Auction extends for two minutes after each bid on the final day, ensuring everyone has a chance to place their bids
- All seller's contact information is listed on our website so you can call with questions

Visit our website [www.DandDcattle.com](http://www.DandDcattle.com) for bull videos and pictures. Our website will also have a link to BigIron to register or place your bid.

The sale closes on Tuesday, April 2nd at 1:00 pm. If you have additional questions on set-up, contact the BigIron Customer Service Team at (800) 937-3558. If you have any questions regarding the sale day bidding, you can call Pat Kroese, Big Iron Representative, at (402) 741-2452; Garrett Long, Big Iron Representative, at (402) 957-7906; or Dan at (402) 616-9448.

#### ANNOUNCEMENTS

A supplement sheet will be available sale day with up to date information. All announcements/changes made and listed on the supplement sheet take precedence over this sale book.

*We suggest making a watch list of ALL BULLS interested in and reviewing sale procedures on Big Iron prior to sale day.*

• A stout built, long sided herd bull prospect with added frame and growth. This Movin On son offers mass and substance from top to bottom.

**MOVIN ON SONS**

Backed by three matriarch cow families, these Movin On sons are stacked for success. They are built flexibly in their structure, with plenty of shape and dimension from all angles with as much rib capacity and muscle as any.

## D&D GENETICS PERFORM FOR YOU!

*Cattle feeders and packers recognize the value in cattle sired by D&D bulls. Our genetics are known not only for phenotype and maternal characteristics but also for performance on the rail. Multiple factors influence profit, and genetics is one of those factors that we can help you with. Over the years, we have been collecting data on our calves' performance, looking at key traits not only in an animal's EPDs but also at the bunk.*

*A long time bull customer and family friend recently sent us their close out information from November 24, 2021. Here is an example of how our cattle perform for you:*

- Dry matter conversion ..... 5.25*
- Average daily gain ..... 5.03*
- Average daily consumption ..... 44.37*
