I hereby authorize the repair work to be done as described above on the machine(s) named hereon. All repair parts are to be billed at your regular price. I agreed to pay cash for such repair parts and labor on delivery of machine(s) or on terms satisfactory to you and until paid in full any unpaid balance shall constitute a lien on this machinery.
I further agree that you will not be held responsible for loss or damage to said machinery from fire, theft, or other causes beyond your control.
A service charge will be assessed equal to the lesser of 1.5% per month or the maximum rate permitted by law on all delinquent accounts, until paid in full.

WO#: 2359010 SV REPLACE FRONT AXLE HOUSING

Comments:

I helped the customer load the tg285 for hauling to the shop. Once it made it to the shop I checked out what else is wrong with the front end and verified that the front axle housing needed replaced and ordered more parts. I removed the front weights and the outside tires. I installed a jumper tube on the steering lines to get it to drive. I got it into the shop and removed the wheels and started taking front differential apart. I removed the front weights and front dual and installed hose the make mobile. I then started disassembling the front axle. During disassembly I had to order more parts. I removed the front axle housing and worked on disassembling the front axle components with the help of another technician, once the front axle was disassembled i swapped the parts from the old front axle to the new front axle. I installed parts onto new axle housing. Installed new bushings and seals into axle components to assemble the front axel. I installed new parts onto new axle housing, installed pinion seal, installed fornt king pin bushings, then installed front axle to tractor. I installed the front weight bracket, installed both front planetary drive hubs, installed king pins, steering cylinders, tie rod ends. Installed duals and front weights. Test drove the tractor verified repairs and washed the tractor down a bit and sent it home.
